

Earls Colne Primary School

Proposed Replacement Classbase

Earls Colne Primary School and Nursery is located partially within the village envelope for Earls Colne and White Colne West and within a Conservation Area. The development boundary runs through the site, leaving the southern part of the School site outside the village envelope. The built-up area in the northern part is however located inside the development boundary. To the north, east and west the site is bounded by residential properties.

Site location plan

Proposed block plan

Key of Spaces

- 1. Main school building
- 2. School playground
- 3. Relocatable classroom unit
- 4. School playing fields
- 5. Wildlife Garden
- 6. New car parking area
