

SCHOOL DEVELOPMENT: MOUNTNESSING C of E PRIMARY SCHOOL

KEY OF SPACES

- ① - Dashed line denotes new building outline.
- ② - Hatched area denotes existing relocatable classroom that will be removed.
- ③ - Hatch denotes area of existing hardstanding to accommodate 9no. car parking spaces. (Existing carpark arrangement to remain).

Welcome to this public exhibition. Essex County Council and its team are pleased to present proposals for the new extension at Mountnessing C of E Primary School.

This exhibition is being held to inform the local residents about the emerging proposals and to give the opportunity to provide feedback. We value your input and feedback forms are available for you to complete. Members of the Project Team are here to answer any questions that you may have. We thank you for your interest.

Ingleton Wood (Architects) are working with Beardwell Construction (Design and Building Contractors) to design and deliver the new school facilities. The proposals have been developed in close

collaboration with the leadership team at the school.

This proposal seeks to provide suitable accommodation for an additional 105 pupils and to provide permanent teaching facilities to replace the existing temporary classroom cabin. This development will therefore provide the school with a compliant teaching solution in order for the continued school operation.

KEY OF SPACES

- ① - New 398m² single-storey extension
- ② - Extension to existing hardcourt play area
